About the Institution

Raghuveer Mahavidyalaya: A Center of Excellence in Higher Education

Raghuveer Mahavidyalaya, located in the serene village of Thaloi, Bhikharipur Kala, Jaunpur, Uttar Pradesh (PIN 222143), stands as a distinguished institution committed to providing quality education. Affiliated with Veer Bahadur Singh Purvanchal University, Jaunpur, and recognized under sections 2(f) and 12(b) of the University Grants Commission (UGC), the college offers an array of undergraduate and postgraduate programs. These include Bachelor of Arts (BA), Bachelor of Education (BEd), and Master of Arts (MA), catering to a wide spectrum of academic pursuits.

Under the able leadership of Principal Dr. Avadesh Kumar Shrivastava (M.A., PhD), the college is dedicated to fostering academic excellence and holistic development. The institution is managed by Lalita Shikha Samiti, with Dr. Jay Prakash Tripathi serving as the Manager, ensuring the smooth functioning of the college. Raghuveer Mahavidyalaya is also a study center for Uttar Pradesh Rajarshi Tandon Open University, Prayagraj, further broadening its educational reach.

For inquiries, the college can be contacted via email at principal.raghuveer@gmail.com or through the contact numbers 8858621010 and 8840684377. The institution's commitment to academic integrity and community service is reflected in its well-established infrastructure and its robust affiliation with reputable educational bodies. For more information, visit the college's official website: <http://www.raghuveermahavidyalaya.org.in>.

Statements of the Institution

- Vision:** The college was established by the successful hands of Pandit Prithvipal Tripathi in a village named Thaloi on the Sujanganj-Machhli Shahar road in Jaunpur district, the land of Yamadagni. Before the establishment of this college, there was no any college to get higher education in the radius of 7 KM. Keeping this in view this college was established for the poor deprived backward students of this rural area to get higher education. The main objective of this college is educating rural students and connecting them to the main stream of society by providing them higher education. In view of this deficiency, Pandit Prithvi Pal Tripathi established this college and today by getting higher education from this college, the students have increased the pride of this area and this college. The society near by the college area getting new dimensions of development.
- Mission:** The college aims to become a leading educational institution that would be recognized as a centre of excellence to impart quality education, create knowledge, integrate traditional and modern knowledge and impart inclusive education and build values, ethics and character. To create a student credit institution that inculcates experiential, innovative and lifelong learning skills. To solve societal problems. To promote and pursue all-inclusive research and development. To inculcate entrepreneurial attitude and values in the learners. To prepare the students of the college as good citizens of the nation through a socially balanced, globally informed culture inspired and future oriented teaching paradigm. To prepare students to aspire

to make significant contributions to the development of the nation through socialist and secular strategies of education. The college will continue to foster talent and build on its rich reserves of fame and reputation.

- **Motto:** "Asto Ma Sadgamaya Tamso Ma Jyotirgamaye"

- **Objective:**

The college ensures openness, dedication and honesty in all its activities. The college regularly celebrates birth and death anniversaries of social reformers freedom fighters as well as national festivals as declared by the Government of India, Government of U.P. and Veer Bahadur Singh Purvanchal University, Jaunpur. The college actively engages programs and campaigns in partnership with faculty, staff and students to raise awareness on gender issues specifically the empowerment of women and environmentally conscious practices. To secure the well-being of female students, the college conducts anti-ragging sessions and campaigns such as Beti Bachao and Beti Padhao. The college has implemented rainwater harvesting. The college carries out green energy with solar pannel (LED lamps) to maintain a clean and green campus. Creation of awareness among students and faculty to use public transportation, bicycles and shared vehicles. The institute aims to enhance future academic excellence through the introduction and development of Ph.D. programs.

- **Aim of the College:**

The primary aim of Raghuvver Mahavidyalaya is to foster academic excellence and holistic development in its students by offering quality higher education in disciplines such as Arts and Education. The institution is committed to nurturing a dynamic learning environment that empowers students to realize their intellectual potential and develop critical thinking skills. With a focus on inclusive education, the Mahavidyalaya seeks to instill values of integrity, leadership, and social responsibility, preparing students to contribute meaningfully to society. Affiliated with Veer Bahadur Singh Purvanchal University and recognized by UGC, the institution strives to be a center of learning that aligns traditional academic rigor with modern educational practices.

The Natural Environs of Raghuvver Mahavidyalaya, Thaloi, Bhikharipur Kala, Jaunpur

Raghuvver Mahavidyalaya, Thaloi, Bhikharipur Kala, Jaunpur (UP), is located in a setting that gracefully balances the advantages of rural tranquility with the accessibility of contemporary amenities. Situated in one of Uttar Pradesh's culturally significant regions, the campus stands as a peaceful enclave amidst the pastoral landscape of Jaunpur. The college is enveloped in verdant greenery, featuring meticulously maintained gardens and tree-lined pathways, providing an atmosphere conducive to both academic focus and personal reflection. These natural spaces not only enhance the aesthetic appeal but also offer a sanctuary for mental rejuvenation, fostering an environment of calm and concentration for both students and faculty.

Jaunpur

The campus boasts several ancient trees, which serve as living monuments to the institution's rich history and enduring traditions. These towering trees provide both shade and a sense of continuity, creating outdoor spaces that are ideal for gatherings, academic discussions, and leisurely activities.

In addition to the tranquil campus atmosphere, Raghuvver Mahavidyalaya enjoys proximity to the natural beauty of the surrounding countryside, offering students the opportunity to engage with the local environment beyond the college grounds. The nearby rivers and open spaces further enrich the sense of serenity and connection to nature. The institution's dedication to environmental sustainability is evident through initiatives such as rainwater harvesting, waste recycling, and energy-efficient practices, all of which reflect its commitment to preserving the natural ecosystem.

In summary, Raghuvver Mahavidyalaya, Thaloi, Bhikharipur Kala, Jaunpur, embodies a thoughtful integration of rural serenity and environmental stewardship, creating a nurturing space that promotes both academic excellence and personal growth.

Assessment of the College

- **Affiliation:** The College has all its courses approved and affiliated to **Veer Bahadur Singh Purvanchal University, Jaunpur, UP, India, A State University-Government of Uttar Pradesh; Accredited A+ by NAAC**
- **AISHE:** The College has the AISHE Code C-16019

Recognition: The College is recognized by University Grant Commission (UGC) under section 2(f) and 12 (b) of the UGC Act, 1956 vide by University Grants Commission, New Delhi

2. OBJECTIVES AND SCOPE OF THE AUDIT:

At a preliminary meeting held on 28th September, 2024, the Principal of Raghuveer Mahavidyalaya Jaunpur, Dr. Dr. Avadhesh Kumar Srivastava, outlined the primary objectives of the upcoming academic audit. This audit, an independent assessment of the college, will be conducted by an external peer team comprising the mentioned members. The audit team has agreed to examine the current conditions at the college, focusing on the following aspects throughout the audit process.

SCOPE:

- Teaching and learning methodologies implemented across various courses offered by the College
- Operations of the laboratories and computer facilities
- Examination and evaluation system
- Activities of the Internal Quality Assurance Cell
- Services provided by the central library, research facility, and sports office
- Outreach programs, including NCC and NSS initiatives
- Alumni contributions to the College
- Opportunities for improvement in major functional areas
- The team is encouraged to express views and provide suggestions for enhancing the College's systems.
-

3. METHODOLOGY:

On 28th September, 2024, a meeting was held with the Principal, Coordinator, and Members of the IQAC, along with the coordinator. During this meeting, the principal delivered a Information providing an overview of the College's facilities and activities, highlighting newly added facilities and those currently under development.

The Audit team commenced their visit on 28th September, 2024, and spent one day at the College. They visited various departments and facilities, engaging in brief interactions with faculty, students, and support staff. The schedule, organized by the College, included visits to laboratories, computer facilities, the library, and other key areas, allowing the Audit Committee to gather relevant first-hand information.

Drawing from the data collected from documents and interactions with different institutional components, the Audit Committee has compiled this report. It includes their views, observations, and recommendations. The Committee sincerely hopes that implementing these recommendations will best serve the College's interests.

4. BRIEF PROFILE OF THE COLLEGE:

Raghuveer Mahavidyalaya, located in the serene village of Thaloi, Bhikharipur Kala, Jaunpur, Uttar Pradesh (PIN 222143), stands as a distinguished institution committed to providing quality education. Affiliated with Veer Bahadur Singh Purvanchal University, Jaunpur, and recognized under sections 2(f) and 12(b) of the University Grants Commission (UGC), the college offers an array of undergraduate and postgraduate programs. These include Bachelor of Arts (BA), Bachelor of Education (BEd), and Master of Arts (MA), catering to a wide spectrum of academic pursuits

Reaching Out

The College encourages student participation in conferences, seminars and cultural activities of diverse array throughout the year and also motivates students to participate voluntarily in social Programmes. The NSS, NCC and Sports department have distinguished themselves through participation at various levels.

5.4. CURRICULAR ASPECTS

Raghuveer Mahavidyalaya, offers an extensive array of academic programs, including 08 undergraduate and 03 postgraduate courses. This diverse curriculum reflects the institution's dedication to delivering comprehensive knowledge across various specialized fields, fostering the development of students' skills and competencies.

STRENGTH

At Raghuveer Mahavidyalaya, our curriculum is structured to promote value-based education, women's empowerment, gender awareness, skill enhancement, communication proficiency, personality growth, and environmental awareness. We prioritize job-oriented courses to equip our students for successful professional careers

KEY ASPECTS OF THE COLLEGE INCLUDE:

Manual Campus Administration: All aspects of campus management, including admission processes, student attendance, staff and student profiles, AQAR preparation, evaluations, feedback, results, and campus placements, are handled manually.

Orientation Courses: We conduct orientation programs for teachers, students, and non-teaching staff to ensure comprehensive understanding and alignment with the institution's Vision and Mission.

Research Component: Every undergraduate and postgraduate project incorporates a research component, fostering a solid foundation in academic exploration and practical application.

Weakness

At Raghuveer Mahavidyalaya, the limited autonomy restricts our flexibility in curriculum design. University regulations prevent us from modifying the current syllabi, thereby limiting our capacity to create and develop courses that promote active learning and research in the aided stream. This limitation presents several challenges:

The curriculum at Raghuveer Mahavidyalaya lacks the necessary flexibility to adapt to the rapidly changing educational landscape. To address this, there is a strong need to introduce more interdisciplinary courses that can broaden students' learning experiences and perspectives. Additionally, we aim to enhance the curriculum by incorporating modules that focus on transferable skills and vocationally relevant content. Coupled with research-driven pedagogical approaches, these improvements would significantly benefit both students and society. By tackling these challenges, Raghuveer Mahavidyalaya can strengthen its educational offerings and better equip students for future academic and professional success.

5.5. TEACHING LEARNING AND EVALUATION

Raghuveer Mahavidyalaya
Thalai, Bhikhanpur, Jhansi
2024-25

Raghuveer Mahavidyalaya is committed to excelling in both education and personal growth. An educational audit has confirmed that quality is central to the institution's teaching and learning processes. Despite various challenges, the college remains dedicated to delivering the best possible education, even in its self-financed sectors.

The primary objective of educational management at Raghuveer Mahavidyalaya is to ensure effective teaching and learning. Each department follows a well-structured educational plan, closely monitored by the Heads of Departments (HODs). A distinctive feature of the institution is the strong personal connections between teachers and students. High achievers, as well as students requiring additional support, are identified early in the academic year. The departments employ an interactive teaching approach to maintain high educational standards.

There is clear evidence that continuous evaluation significantly boosts student learning. The college combines traditional assessments with innovative techniques to offer a unique educational experience. Teachers provide guidance for assignments and seminars, while attendance is tracked online to ensure transparency and prevent tampering. These educational strategies are designed to help students develop analytical thinking, grasp the core concepts of their subjects, and communicate with confidence.

Student performance is evaluated through:

1. Continuous Internal Assessment (CIA) throughout the semester, which is centrally monitored.
2. Final examinations at the end of the semester.

The assessment pattern, which includes the allocation of weightages for different cognitive levels, is communicated to students at the beginning of each semester. The audit highlights the institution's commitment to improving learning quality, including evaluating the extent to which students master course content. Mentoring and tutoring are closely monitored and documented, and remedial teaching is provided for students who need extra help.

The administration has made a concerted effort to instill strong values in students, assigning this responsibility to a core committee of teachers. Class teachers ensure that value-based education is provided weekly in an interactive manner, making it an integral part of the curriculum.

STRENGTH

- **ICT-Enhanced Learning:** We employ innovative teaching methods, utilizing e-assignments, e-notes, e-books, and a wide range of web resources to create a more engaging and interactive learning experience.
- **Language Laboratory:** Our computer-assisted language lab is equipped to facilitate advanced language learning and hands-on practice.
- **Active Participation:** Faculty and students are regularly involved in international, national, state, and regional seminars and conferences, promoting a culture of lifelong learning and professional growth.
- **Effective Evaluation:** Our evaluation practices are structured to optimize student learning outcomes and performance.

Academic Management is focused to achieve the learning outcome based on:

The educational environment promotes a well-rounded experience by harmonizing curricular and co-curricular activities, supporting a holistic approach to education.

Key aspects include:

- **Highly Qualified and Committed Faculty:** The faculty members are not only highly qualified but also dedicated to their roles, often taking on significant administrative duties alongside their teaching responsibilities.
- **Comprehensive Teaching, Learning, and Evaluation:** The educational processes are rigorous and adaptable, maintaining high academic standards. Evaluation practices are transparent, and results are published promptly.
- **Fair and Transparent Admissions:** The admission committee ensures an efficient and transparent process, guaranteeing equal opportunities for all students. The entire admission and result publication process is fully automated for seamless execution.
- **Proactive IQAC Initiatives:** The Internal Quality Assurance Cell (IQAC) plays an active role in fostering faculty and student growth through various enrichment and orientation programs. It collaborates with faculty members to gather feedback on governance and leadership.
- **Comprehensive Support Services:** Students have access to an orientation program, career guidance, and counselling services. The IQAC ensures the continuous assessment and enhancement of teaching and learning quality through feedback mechanisms and capacity-building initiatives. Additionally, a grievance redressal cell is in place for both students and faculty to address concerns.

I. WEAKNESS-

To enhance educational quality and accommodate the evolving needs of students, several critical upgrades are required in our classrooms and facilities:

1. **Classroom Upgrades:** Current classrooms need modernization to support the latest teaching methodologies and technologies.
2. **Space Constraints:** The limited space is hindering the introduction of new courses and the expansion of existing infrastructure.
3. **ICT in Teaching:** The integration of Information and Communication Technology (ICT) in teaching, especially for newly introduced courses, must be significantly increased.
4. **Language & Media Lab Requirements:** The Department of Communicative English needs a comprehensive Language and Media Lab, equipped with computers, studio space, and camera facilities.
5. **Transparency in admission procedure**

The application forms are scrutinized by a committee with regard to marks obtained in the Qualifying Examination – Minimum requirement for Admission to the following:

U.G. Programme – Pass in the +2/ Equivalent Examination Recognized by the University.

P.G. Programme – Arts 45% marks for core group.

P.G. Programme – Science 50% marks for core group.

5.6. STUDENTS' VIEWS

Demanding Schedule for UG and PG Students: The continuous honor's classes during the third year are highly demanding and exhausting for students.

Inadequate Washroom Facilities: The limited availability of washrooms, restricted to the second floor, continues to be an issue.

Attendance Concerns: Students suggest that participation in external programs should count towards their overall attendance.

Recognition of Top Achievers: Gold medals should be awarded to the highest-performing students in each department.

Card
Q.A.C.

Redhveer Manavidyalaya

Thal, P. The Society for Academic Facilitation and Extension (SAFE)

Principal

Redhveer Manavidyalaya
Tulsi, Dikharipur, Kulu
Jammu

Curriculum Revisions: The syllabus should be updated to include topics relevant to JAM and GATE exams.

Teaching Quality: Most students regard the teaching quality as good.

Outdated Computer Science Curriculum: The Computer Science syllabus requires revision to include modern topics like machine learning.

Technical Skill Development: Off-campus technical training workshops are necessary to enhance technical skills.

Increased Teacher-Student Interaction: Students desire more opportunities for meaningful interaction and discussions with their teachers.

5.7. TEACHING STAFF VIEWS

- Each classroom should be furnished with a whiteboard and a microphone to facilitate effective teaching.
- The overhead projector must be positioned in a way that its projection aligns properly with the whiteboard.
- Teachers are expected to step in and cover substitute classes whenever necessary.
- Balancing teaching duties with research activities presents significant challenges.
- The absence of a dedicated HR department increases the workload and pressure on staff members.
- Undergraduate admissions are determined based on the quality of applicants.
- New practical components have been integrated into skill enhancement courses to improve learning outcomes.
- Teachers pursue research independently, with some contributing to publications and participating in seminars and conferences.
- The general quality of students has shown a noticeable decline.
- The student-to-teacher ratio in ancillary classes is inadequate.
- Physics teachers also engage in observatory-related activities as part of their responsibilities.
- Research activities by teachers are typically conducted outside of regular college hours.
- While undergraduate students often pursue internships, postgraduate students engage in them less frequently.
- Postgraduate students, particularly those from outside the region, initially face adjustment issues but gradually acclimate to the environment.

• The department functions efficiently with full support from the administration.

Raghuveer Mahavidyalaya

Principal
Raghuveer Mahavidyalaya
Tulsi, Bikharipur, Kanpur

- Orientation programs should be organized for students following their completion of the +2 examinations.
- The department has sufficient space to accommodate a range of activities.
- There are well-equipped rooms available for seminars, conferences, yoga sessions, and counselling.
- Laboratories for both physical and life sciences are adequately provided.
- The teaching staff is sufficient to meet the department's needs.
- The department's library is modern and well-stocked with a variety of reading and reference materials.
- While sufficient electronic equipment is available, there may be a need for additional computers.

5.8. SUPPORT STAFF:

- Overall, the support staff has expressed satisfaction with the College Administration.
- The support staff is categorized into two groups: UGC grade and College grade.
- It is widely acknowledged that orientation and motivation programs are essential for the support staff's development.
- Despite taking on additional responsibilities and showing seniority, the support staff does not receive corresponding pay increases.
- The College Administration generally receives positive feedback from the support staff.
- The compensation provided to support staff does not adequately reflect their additional responsibilities or seniority within the institution.

5.12. NSS

- Activities are satisfactory.

5.13. IQAC OFFICE

The IQAC consistently pursues excellence through its meticulous task execution.

The College's impressive rating of 4.77 out of 5 reflects the IQAC's effective initiatives and practices.

The Academic Council Office holds two meetings per academic year to address key issues and ensure alignment with institutional objectives.

The Core Committee is crucial in making timely decisions to uphold academic standards, which are later reviewed and approved by the Academic Council.

Their commitment to maintaining academic integrity is evident in their strict oversight and adherence to established protocols.

6. VIEWS OF THE COLLEGE AUTHORITIES

As the Principal, my top priority is ensuring academic excellence and the holistic development of all students. I believe in fostering an open, innovative, and ethical learning environment, promoting critical thinking and personal growth. We must continuously strive to uphold high academic standards and support students in their personal and professional journeys. Equally important is maintaining efficient administrative processes and cultivating a positive learning atmosphere. In my role, I am committed to ensuring the quality of education and institutional processes.

As the IQAC Coordinator, I systematically monitor and evaluate teaching, research, infrastructure, and governance processes to drive improvement. Our focus is on transparency, accountability, and continuous development, working to enhance the overall progress of the college through effective planning, implementation, and assessment.

As a Member Secretary of the Academic Council, I assist in making academic decisions and upholding institutional principles and policies. The council is responsible for designing curriculums, assessing programs, and setting academic regulations. We are dedicated to promoting academic excellence through diverse, student-centered programs, collaborating with faculty and administrators to maintain the integrity of our academic mission.

As the Controller of Examinations, my goal is to conduct transparent exams that accurately reflect the knowledge and skills students have acquired. I coordinate exam scheduling in line with the academic calendar and university policies, ensuring the security of the examination process and addressing student needs. Timely result declarations and prompt grievance redressal are essential to maintaining academic integrity and prioritizing student welfare.

7. Opportunities for Improvement

The College can easily raise the bar of its achievement if the following points are taken care of:

- Canteen.

- Washrooms.

8. GENERAL CONCLUSION

- Both teaching and non-teaching personnel generally find satisfaction in their working conditions, though they bear considerable burdens.
- Student behaviour is commendable.
- The institution shines as a beacon of academic excellence.

9. GRATITUDE

The Committee members feel honoured and take this opportunity to express sincere thanks and gratitude to the College authorities for being invited to conduct the audit. They would also like to express their heartfelt thanks to all the faculty members and support staff for their wholehearted cooperation along with the hospitality that has been extended to them during the audit conducted over two days.

Society for Academic Facilitation and Extension (Regd.)

53 Karmchari Nagar, Bareilly (U.P)

Date: 28th Sept 2024

The audit team of the Society for Academic Facilitation and Extension conducted a comprehensive Gender Audit on 28th Sept, 2024. Based on the data obtained from Raghuvveer Mahavidyalaya, Jaunpur, the audit team has formulated the following recommendations and suggestions for the higher education institution (HEI) to facilitate the all-round development of the college.

Recommendations:

- Form a Gender Equality Committee: Create a dedicated committee to spearhead initiatives aimed at promoting gender equality, with a focus on implementing and monitoring relevant policies and practices.
- Strengthen Awareness Initiatives: Launch frequent campaigns to raise awareness about gender equality, sexual harassment, and women's rights, fostering a well-informed college community.
- Offer Gender Sensitivity Training: Provide regular gender sensitivity training to both staff and students, encouraging an inclusive and respectful campus culture.
- Assess and Update Policies: Periodically review existing policies to ensure gender neutrality and make revisions as necessary to advance gender equality within the institution.
- Adopt Gender-Neutral Recruitment Practices: Ensure that recruitment processes are fair and free from bias, offering equal opportunities to individuals of all genders.
- Promote Female Leadership: Actively support and encourage women to assume leadership roles, thereby enhancing gender diversity in the college's decision-making positions.
- Establish Grievance Redress Mechanisms: Develop efficient systems for reporting and addressing incidents of gender-based discrimination or harassment.
- Facilitate Women's Career Advancement: Implement programs such as mentorship, networking opportunities, and professional development initiatives tailored specifically to support women's career growth.
- Incorporate Gender Perspectives in the Curriculum: Ensure the curriculum across various disciplines integrates gender perspectives to enhance understanding and raise awareness about gender issues.
- Promote Work-Life Balance: Develop policies that promote work-life balance for both male and female staff, including flexible work arrangements.

- **Enhance Gender-Inclusive Infrastructure:** Ensure that campus facilities, such as restrooms, hostels, and recreational areas, are accessible and inclusive for all genders.
- **Collaborate with External Gender Equality Organizations:** Establish partnerships with external organizations working on gender equality to gain access to additional resources and expertise.
- **Conduct Gender Audits:** Perform regular gender audits to monitor progress and identify areas that require further attention or improvement.
- **Celebrate Gender Diversity:** Organize events and activities that celebrate gender diversity, fostering a more inclusive and supportive college environment.

Additional Recommendations:

Here are additional recommendations for the Gender Audit at Raghuvver Mahavidyalaya, Jaunpur:

- **Support Services for Female Students:** Strengthen student support systems by providing targeted counseling and mentorship initiatives, specifically designed to address the psychological and emotional needs of female students.
- **Gender Research Initiatives:** Promote and facilitate research on gender-related issues, contributing to the academic discourse and deepening understanding of gender dynamics.
- **Alumni Engagement and Mentorship:** Foster stronger connections with alumni to create networking and mentorship opportunities, aiding current students in career advancement and fostering gender equality.
- **Community Involvement:** Encourage active participation from both students and staff in community initiatives that advocate for gender equality and social justice.
- **Flexible Academic Policies:** Develop and implement adaptable academic policies that address the unique needs of students, particularly those experiencing challenges related to gender.
- **Inclusive Language Practices:** Advocate for the consistent use of gender-neutral language across all institutional communications to foster an inclusive environment.
- **Accessibility for Students with Disabilities:** Ensure that all institutional facilities and programs are fully accessible to students with disabilities, including those with gender-specific needs.
- **Monitoring and Assessment:** Establish comprehensive mechanisms for evaluating the efficacy of gender equality initiatives, with a focus on continuous improvement.
- **Collaborative Efforts with NGOs:** Strengthen partnerships with non-governmental organizations dedicated to gender equality, facilitating the exchange of best practices to amplify impact.

About the Institution

Raghuveer Mahavidyalaya: A Center of Excellence in Higher Education**

Raghuveer Mahavidyalaya, located in the serene village of Thaloi, Bhikharipur Kala, Jaunpur, Uttar Pradesh (PIN 222143), stands as a distinguished institution committed to providing quality education. Affiliated with Veer Bahadur Singh Purvanchal University, Jaunpur, and recognized under sections 2(f) and 12(b) of the University Grants Commission (UGC), the college offers an array of undergraduate and postgraduate programs. These include Bachelor of Arts (BA), Bachelor of Education (BEd), and Master of Arts (MA), catering to a wide spectrum of academic pursuits.

Under the able leadership of Principal Dr. Avadesh Kumar Shrivastava (M.A., PhD), the college is dedicated to fostering academic excellence and holistic development. The institution is managed by Lalita Shikha Samiti, with Dr. Jay Prakash Tripathi serving as the Manager, ensuring the smooth functioning of the college. Raghuveer Mahavidyalaya is also a study center for Uttar Pradesh Rajarshi Tandon Open University, Prayagraj, further broadening its educational reach.

For inquiries, the college can be contacted via email at principal.raghuveer@gmail.com or through the contact numbers 8858621010 and 8840684377. The institution's commitment to academic integrity and community service is reflected in its well-established infrastructure and its robust affiliation with reputable educational bodies.

For more information, visit the college's official website: [\[www.raghuveermahavidyalaya.org.in\]](http://www.raghuveermahavidyalaya.org.in) (<http://www.raghuveermahavidyalaya.org.in>).

Statements of the Institution

- **Vision:** The college was established by the successful hands of Pandit Prithvipal Tripathi in a village named Thaloi on the Sujanganj-Machhli Shahar road in Jaunpur district, the land of Yamadagni. Before the establishment of this college, there was no any college to get higher education in the radius of 7 KM. Keeping this in view this college was established for the poor deprived backward students of this rural area to get higher education. The main objective of this college is educate rural students and connecting them to the main stream of society by providing them higher education. In view of this deficiency, Pandit Prithvi Pal Tripathi established this college and today by getting higher education from this college, the students have increased the pride of this area and this college. The society near by the college area getting new dimensions of development.
- **Mission:** The college aims to become a leading educational institution that would be recognized as a centre of excellence to impart quality education, create knowledge, integrate traditional and modern knowledge and impart inclusive education and build values, ethics and character. To create a student credit institution that inculcates experiential, innovative and lifelong learning skills. To solve societal problems. To promote and pursue all-inclusive research and development. To inculcate entrepreneurial attitude and values in the learners. To prepare the students of the college as good citizens of the nation through a socially balanced, globally informed, culture inspired and future oriented teaching paradigm. To prepare students to aspire to make significant contributions to the development of the nation through socialist

and secular strategies of education. The college will continue to foster talent and build on its rich reserves of fame and reputation.

- **Motto:** "Asto Ma Sadgamaya Tamso Ma Jyotirgamaye"

- **Objective:**

The college ensures openness, dedication and honesty in all its activities. The college regularly celebrates birth and death anniversaries of social reformers freedom fighters as well as national festivals as declared by the Government of India, Government of U.P. and Veer Bahadur Singh Purvanchal University, Jaunpur. The college actively engages programs and campaigns in partnership with faculty, staff and students to raise awareness on gender issues specifically the empowerment of women and environmentally conscious practices. To secure the well-being of female students, the college conducts anti-ragging sessions and campaigns such as Beti Bachao and Beti Padhao. The college has implemented rainwater harvesting. The college carries out green energy with solar pannel (LED lamps) to maintain a clean and green campus. Creation of awareness among students and faculty to use public transportation, bicycles and shared vehicles. The institute aims to enhance future academic excellence through the introduction and development of Ph.D. programs.

- **Aim of the College:**

The primary aim of Raghuvver Mahavidyalaya is to foster academic excellence and holistic development in its students by offering quality higher education in disciplines such as Arts and Education. The institution is committed to nurturing a dynamic learning environment that empowers students to realize their intellectual potential and develop critical thinking skills. With a focus on inclusive education, the Mahavidyalaya seeks to instill values of integrity, leadership, and social responsibility, preparing students to contribute meaningfully to society. Affiliated with Veer Bahadur Singh Purvanchal University and recognized by UGC, the institution strives to be a center of learning that aligns traditional academic rigor with modern educational practices.

The Natural Environs of Raghuvver Mahavidyalaya, Thaloi, Bhikharipur Kala, Jaunpur (UP)

Raghuvver Mahavidyalaya, Thaloi, Bhikharipur Kala, Jaunpur (UP), is located in a setting that gracefully balances the advantages of rural tranquility with the accessibility of contemporary amenities. Situated in one of Uttar Pradesh's culturally significant regions, the campus stands as a peaceful enclave amidst the pastoral landscape of Jaunpur. The college is enveloped in verdant greenery, featuring meticulously maintained gardens and tree-lined pathways, providing an atmosphere conducive to both academic focus and personal reflection. These natural spaces not only enhance the aesthetic appeal but also offer a sanctuary for mental rejuvenation, fostering an environment of calm and concentration for both students and faculty.

The campus boasts several ancient trees, which serve as living monuments to the institution's rich history and enduring traditions. These towering trees provide both shade and a sense of

College Infrastructure

Establishment: The College was established in 2013. The building is a Reinforced Cement Concrete (RCC) framework building. Overall, the Infrastructure of the Building is excellent in terms of the Architecture Design and Green Building Design. The Premises covers quite a few of the requirements for a Green Habitat. The infrastructure of a college refers to the physical facilities and resources that support the educational and administrative functions of the institution. It encompasses various elements such as buildings, classrooms, libraries, laboratories, administrative offices, recreational areas, and other facilities.

Spatial Organisation: The overall ambiance of Raghuv eer Mahavidyalaya, Thaloi, Bhikharipur Kala, Jaunpur (UP), exudes warmth and approachability. The classrooms and other academic spaces are thoughtfully designed, benefiting from ample natural ventilation through large, clear-glass windows that facilitate a continuous flow of fresh air. Architecturally, the building stands out with a carefully curated color scheme that enhances its institutional character while harmonizing with the local vernacular architecture and the surrounding natural landscape, which is enriched by the presence of mature trees. This architectural synergy fosters a tranquil and conducive learning environment, where the built form seamlessly integrates with its serene backdrop. The floor-to-ceiling height exceeds 11 feet, contributing to the spatial openness. Although the premises are not equipped with lifts, essential amenities such as CCTV, fire extinguishers, a well-stocked library, and a first aid box ensure safety and functionality.

SAFE Study Audit

➤ About the SAFE Study Audit

It is a systematic study of the factors that make the institution a sustainable and healthy environment for its inhabitants.

➤ Analysis for the SAFE Study Audit

The procedure included detailed verification for the following:

Energy Audit

- Analysis of the Lights, Fans, AC, Equipment
- Renewable energy
- Scope for reducing the current energy bills if any
- Improvement in the thermal comfort of the premises

Green Audit

- Green initiatives
- Hygiene audit
- Water Audit - Analysis of the current water consumption of premises; Scope to include Rain water harvesting and Waste water treatment in premises
- Waste Audit - Current waste produced, its segregation and usage; Strategies to be adopted for waste management and awareness

Environmental Audit

- Analysis of the current landscape + hardscape of campus
- Analysis of the flora and fauna of campus
- Strategies adopted at present to enhance vegetation
- Measures that can be adopted for ecological improvement of the premises.

➤ Strategy Adopted for SAFE Study Audit

The strategy included data collection from the administrative department, actual inventory inspection, investigation of operation and maintenance procedures, analysis of the collected data, and preparation of the report.

Timeline of the Activities for Green Building Study Audit

- 05 September 2024 – Allotment and Initiation by the College
- 05 September 2024 – Induction meeting
- 11 September 2024 – Survey of the Student and staff submitted.
- 28 September 2024 – Site visit at the Institute
- 28 September 2024 – Submission of the report

Ecological (Environmental) Audit

The environment is integral to human life and cannot be seen as a separate entity; we coexist with it. An ecological audit helps us understand the current state of flora and fauna within the college premises and identifies potential improvements. It also addresses any audio-related issues in the area and monitors the environmentally conscious behaviors adopted by the building's occupants, contributing to a reduced carbon footprint. People's health is paramount, and promoting hygienic habits and awareness of environmental actions is crucial. Universal design principles are essential for both built and unbuilt areas, ensuring accessibility and inclusivity.

Our study reveals that *Raghuveer Mahavidyalaya, Thaloi, Bhikharipur Kala, Jaunpur*, has developed eco-friendly practices and sustainable solutions, which are reflected in the limited biodiversity within the premises. Situated in the city, the college boasts a welcoming entrance space that enhances its appeal. The open spaces within the college are multifunctional, serving as leisure areas for study and grounds for sports activities. The design includes ample resting spaces that offer a warm and inviting atmosphere.

Open Spaces

The college maintains a harmonious balance of natural and open spaces, with well-distributed vegetation and open areas. The ground serves as a venue for sports and cultural gatherings, providing students with ample space for various activities. The landscape design integrates both softscape and hardscape elements, creating an aesthetically pleasing and functional environment that benefits the institution.

Co-ordinator

Raghuveer Mahavidyalaya
Thaloi, Bhikharipur, Kala
Jaunpur

Efforts to enhance the natural beauty of the space include provisions for natural plantations, which have significantly improved the visual appeal. The maintenance staff, assigned to upgrade these open spaces, have performed their duties exceptionally well. The infrastructure committee also plays an active role in this process. Traditional tap and pipe facilities are used for watering, with special provisions in place to ensure efficient irrigation. During the summer, these spaces are watered daily, reflecting the college's commitment to maintaining its environment. The college's efforts to preserve and enhance its open spaces are commendable, showcasing a strong dedication to sustainability and ecological balance.

Flora and Fauna Audit of Raghuv eer Mahavidyalaya, Thaloi, Bhikharipur Kala, Jaunpur

Raghuv eer Mahavidyalaya, Thaloi, Bhikharipur Kala, Jaunpur, is committed to maintaining a sustainable and eco-friendly campus environment. The flora and fauna audit is an integral part of the college's ecological management strategy. This audit aims to assess the current state of the campus biodiversity, identify areas for improvement, and promote practices that enhance the natural habitat within the college premises.

Flora: The college campus is home to a diverse range of plant species, contributing to its green and serene environment. Key observations from the flora audit include:

- **Tree Species:** The campus boasts a variety of tree species, including native and ornamental trees. These trees not only provide shade and aesthetic value but also play a crucial role in maintaining air quality and supporting local wildlife.
- **Shrubs and Flowering Plants:** Numerous shrubs and flowering plants are strategically planted around the campus. These plants enhance the visual appeal and contribute to the ecological balance by attracting pollinators such as bees and butterflies.
- **Herbal Garden:** A dedicated herbal garden exists within the premises, featuring medicinal plants that are used for educational purposes. This garden serves as a valuable resource for students studying botany and alternative medicine.
- **Green Lawns and Open Spaces:** Well-maintained lawns and open spaces provide recreational areas for students and staff. These green areas are used for various activities, including sports and cultural events, promoting physical well-being and social interaction.

Fauna: The college campus supports a variety of fauna, reflecting a healthy and thriving ecosystem. Key findings from the fauna audit include:

- **Bird Species:** The campus is a habitat for several bird species, both resident and migratory. Birdwatching activities are encouraged, fostering a connection with nature and promoting biodiversity awareness among students.

Raghuv eer Mahavidyalaya
Thaloi, Bhikharipur, Kala
Jaunpur

- **Insects and Pollinators:** A significant presence of insects, especially pollinators like bees and butterflies, indicates a healthy environment. These pollinators play a vital role in maintaining the ecological balance and supporting plant reproduction.
- **Small Mammals and Reptiles:** The campus is home to a few small mammals and reptiles, contributing to the biodiversity. Efforts are made to ensure their habitats are preserved and protected from human interference.

Conservation Efforts: The college has implemented several measures to conserve and enhance its flora and fauna:

- **Plantation Drives:** Regular tree plantation drives are organized to increase green cover and promote environmental awareness among students and staff.
- **Sustainable Practices:** Eco-friendly practices such as composting organic waste, using natural fertilizers, and minimizing the use of chemicals are strictly followed to maintain soil health and biodiversity.
- **Awareness Programs:** Educational programs and workshops on the importance of biodiversity and conservation are conducted regularly. These initiatives aim to instill a sense of responsibility and environmental stewardship in the college community.

Recommendations: Based on the audit, the following recommendations are proposed to further enhance the biodiversity of Raghuvver Mahavidyalaya:

- **Biodiversity Monitoring:** Establish a regular monitoring program to track changes in flora and fauna populations and assess the effectiveness of conservation efforts.
- **Habitat Enhancement:** Create additional habitats such as birdhouses, butterfly gardens, and water features to support a wider range of species.
- **Community Engagement:** Encourage community participation in biodiversity conservation activities, fostering a collaborative approach to environmental sustainability.

The flora and fauna audit of Raghuvver Mahavidyalaya, Thaloi, Bhikharipur Kala, Jaunpur, highlights the institution's dedication to maintaining a vibrant and sustainable campus environment. Through continued conservation efforts and the implementation of recommended practices, the college can further enrich its biodiversity and serve as a model for ecological stewardship in the educational sector.

Noise Audit

Macro Level

At a macro level, Raghuvver Mahavidyalaya, Thaloi, Bhikharipur Kala, Jaunpur, benefits from its location of out of city that experiences low traffic noise. The college is situated on a site with expansive open grounds and an approach road that experiences minimal traffic. Although the surrounding agriculture areas have sparse vegetation, ensuring that students and staff are not significantly impacted in their daily activities. The proximity of the approach

Raghuvver Mahavidyalaya
Thaloi, Bhikharipur, Kala
Jaunpur

road, which sees minimal traffic, further contributes to the low noise environment. Our macro-level analysis confirms that the adverse effects of noise pollution on the college are minimal, yielding positive outcomes for the campus community.

Micro Level

On a micro level, the college premises are well-equipped to mitigate noise pollution. The ample open space within the campus is naturally adorned with large trees, which act as effective noise barriers. Additionally, The designated parking areas are strategically located near the entrance, minimizing noise within the central campus. The college does not employ any equipment that contributes to significant noise levels. Overall, the noise levels within the premises are low, reflecting a well-considered approach to maintaining a quiet and conducive educational environment.

Carbon Footprint Audit

Eco-friendly Commuting Practices

Based on data collection and discussions with staff, the following points were noted regarding eco-friendly commuting practices at Raghuv eer Mahavidyalaya, Thaloi, Bhikharipur Kala:

- **Ease of Commuting:** The college is in close proximity to public transport options, making it highly accessible and walkable for students and staff. This encourages the use of public transportation and reduces the reliance on private vehicles.
- **Parent Commute:** The college hosts two parent-teacher meetings annually, with a turnout rate of approximately 40-60%. This manageable frequency and turnout help in reducing potential carbon emissions associated with large gatherings.
- **Vehicle Details:** The college provides designated vehicle parking facilities. These provisions are currently adequate and are situated to minimize noise and emissions within the core campus area.

Through these practices, Raghuv eer Mahavidyalaya, Thaloi, Bhikharipur Kala, demonstrates a commitment to reducing its carbon footprint and promoting sustainable commuting options. By continuing to encourage the use of public transportation and maintaining effective noise management strategies, the college ensures a positive impact on both the environment and the well-being of its campus community.

Heat Island Reduction

Raghuv eer Mahavidyalaya, Thaloi, Bhikharipur Kala, Jaunpur, has implemented several effective practices to mitigate the Heat Island Effect, which typically results from planning strategies that low local temperatures.

- **Exposed Roof Areas:** The top floor of the college buildings is meticulously clean and well-maintained. The roofs are painted white, a strategy known to reflect sunlight and reduce heat absorption. The maintenance staff and management have ensured there is no

Co-ordinator

Principal

Raghuv eer Mahavidyalaya
Thaloi, Bhikharipur, Kala
Jaunpur

weathering or degradation of the roof surfaces, and current practices are consistently upheld to maintain these conditions.

- **Exposed Non-Roof Hardscape Areas:** Pathways surround the premises, enhanced by natural and potted plants along their edges. Additionally, the campus boasts extensive garden spaces. These green areas contribute significantly to reducing heat absorption from hardscape surfaces. These measures effectively reduce the heat island effect, ensuring that the building roofs and surrounding site remain cool and contribute to a more comfortable campus environment.

Outdoor Light Pollution Study

The college has taken measures to minimize outdoor light pollution. The compound lights are designed to avoid upward emission, thus preventing unnecessary light spill into the night sky and reducing light pollution.

Universally Accessible Premises

According to the World Report on Disability (2011), approximately 180 million people in India, or 15% of the population, live with disabilities. In line with this, Raghuveer Mahavidyalaya, has made significant strides to ensure its campus is universally accessible:

- **Ramps and Handrails:** Ramps and handrails are installed along staircases, and staircases feature low-height risers to facilitate ease of movement.
- **Design:** The campus design includes wide, naturally ventilated passages and corridors, ensuring ease of access for everyone. Both doubly and singly loaded corridors are designed with fire safety in mind.
- **Resting Places:** Outdoor seating areas are strategically placed under trees, providing comfortable resting spots for especially abled students.

These thoughtful design elements ensure that the campus is welcoming and accessible to all students, including those with disabilities.

Fire Safety

Raghuveer Mahavidyalaya, has instituted comprehensive fire safety measures to ensure the well-being of all occupants:

- **Staircases:** Each floor features open staircases free from barriers, storage, or combustible materials, ensuring quick and safe evacuation routes in case of an emergency.
- **Classroom Ventilation:** Classrooms are designed with low-height windows, allowing for ample ventilation and natural light throughout the day, which contributes to a healthy and safe indoor environment.

These measures collectively enhance the fire safety and overall safety of the college, providing a secure environment for students and staff.

Positive Steps Taken by the College Towards Green Building and Good Maintenance

The College has implemented several initiatives to promote a green and well-maintained environment. Here are some key responses gathered from the study:

- **Clean Every Area:** Routine cleaning activities ensure that every part of the college is kept tidy and hygienic.
- **Greenery and Planting:** The campus is adorned with green plants, trees, and flowers, showcasing the college's commitment to maintaining a green environment.
- **Faculty Efforts:** The faculty is dedicated to maintaining the college buildings and organizing better waste management systems, including the strategic placement of dustbins.

Raghuveer Mahavidyalaya
Thalai, Bhikharipurkala, Jaunpur

- **Environmental Awareness:** Students are encouraged to plant trees, save water, and participate in activities such as speeches on environmental topics, with incentives provided to motivate their involvement.
- **No Mobile Zone:** Establishing areas where mobile phone usage is restricted to reduce electronic waste and promote focus on studies.

Positive Site Features

- **Ban on Plastic:** The college premises have restrictions on using plastic bags and products to minimize plastic waste.
- **Accessibility:** The premises are designed to be user-friendly, with features like kerb ramps near entrances and low-height handrails to aid mobility.

Recommendations for a Sustainable Habitat by SAFE

- **Site Beautification**
 - **Bird Facilities:** Provide drinking water and food facilities for birds visiting the college premises.
- **Heat Island Reduction**
 - **Cool Rooftops:** Painting terrace roofs with Cooltop can help lower the temperature of indoor spaces.
- **Pollution Control**
 - **Eco-Friendly Vehicles:** Encourage the use of battery-operated or low-emission vehicles by providing parking spaces with charging points, inspiring sustainable transportation practices.
 - **Bicycles as Rewards:** Award bicycles to top-performing students and staff as a gesture of appreciation and to promote eco-friendly transportation.
 - **Paperless Technologies:** Adopt paperless technologies in administrative functions to reduce paper usage.
 - **Carbon-Absorbing Plants:** Plant species such as Pine, Neem, Peepal, Bamboo, and Teak to enhance carbon sequestration and contribute to carbon neutrality.

By adopting these measures, the college not only promotes a greener environment but also fosters a culture of sustainability and environmental responsibility among its community members.

About the Institution

Raghuveer Mahavidyalaya: A Center of Excellence in Higher Education

Raghuveer Mahavidyalaya, located in the serene village of Thaloi, Bhikharipur Kaha, Jaunpur, Uttar Pradesh (PIN 222143), stands as a distinguished institution committed to providing quality education. Affiliated with Veer Bahadur Singh Purvanchal University, Jaunpur, and recognized under sections 2(f) and 12(b) of the University Grants Commission (UGC), the college offers an array of undergraduate and postgraduate programs. These include Bachelor of Arts (BA), Bachelor of Education (BEd), and Master of Arts (MA), catering to a wide spectrum of academic pursuits.

Under the able leadership of Principal Dr. Avadash Kumar Shrivastava (M.A., Ph.D.), the college is dedicated to fostering academic excellence and holistic development. The institution is managed by Lalita Shikha Samiti, with Dr. Jay Prakash Tripathi serving as the Manager, ensuring the smooth functioning of the college. Raghuveer Mahavidyalaya is also a study center for Uttar Pradesh Rajarshi Tandon Open University, Prayagraj, further broadening its educational reach.

For inquiries, the college can be contacted via email at principal.raghuveer@gmail.com or through the contact numbers 8858621010 and 8840684377. The institution's commitment to academic integrity and community service is reflected in its well-established infrastructure and its robust affiliation with reputable educational bodies.

For more information, visit the college's official website: www.raghuveermahavidyalaya.org.in (<http://www.raghuveermahavidyalaya.org.in>).

Statements of the Institution

- Vision:** The college was established by the successful hands of Pandit Prativipal Tripathi in a village named Thaloi on the Sugarganj-Masabli Shahar road in Jaunpur district, the land of Yamadagni. Before the establishment of this college, there was no any college to get higher education in the radius of 7 KM. Keeping this in view this college was established for the poor deprived backward students of this rural area to get higher education. The main objective of this college is educating rural students and connecting them to the main stream of society by providing them higher education. In view of this deficiency, Pandit Prativipal Tripathi established this college and today by getting higher education from this college, the students have increased the pride of this area and this college. The society near by the college area getting new dimensions of development.

- Mission:** The college aims to become a leading educational institution that would be recognized as a centre of excellence to impart quality education, create knowledge, integrate traditional and modern knowledge and impart inclusive education and build values, ethics and character. To create a student credit institution that inculcates experiential, innovative and lifelong learning skills. To solve societal problems. To promote and pursue all-inclusive research and development. To inculcate entrepreneurial attitude and values in the learners. To prepare the students of the college as good citizens of the nation through a socially balanced, globally informed, culture ~~in~~ ~~the~~ ~~future~~ ~~oriented~~ ~~teaching~~ ~~paradigm~~. To prepare students ~~to~~ ~~make~~ ~~in~~ ~~the~~ ~~future~~ ~~oriented~~ ~~teaching~~ ~~paradigm~~.

Jaunpur

significant contributions to the development of the nation through socialist and secular strategies of education. The college will continue to foster talent and build on its rich reserves of fame and reputation.

• **Motto:** "Astro Me Sadganyaya Tamaso Me Jyotirgamaye"

• **Objective:**

The college ensures openness, dedication and honesty in all its activities. The college regularly celebrates birth and death anniversaries of social reformers freedom fighters as well as national festivals as declared by the Government of India, Government of U.P. and Veer Bahadur Singh Purvanchal University, Jaunpur. The college actively engages programs and campaigns in partnership with faculty, staff and students to raise awareness on gender issues specifically the empowerment of women and environmentally conscious practices. To secure the well-being of female students, the college conducts anti-ragging sessions and campaigns such as Beel Hachao and Beel Padhao. The college has implemented rainwater harvesting. The college carries out green energy with solar panel (LED lamps) to maintain a clean and green campus. Creation of awareness among students and faculty to use public transportation, bicycles and shared vehicles. The institute aims to enhance future academic excellence through the introduction and development of Ph.D. programs.

• **Aim of the College:**

The primary aim of Raghuvver Mahavidyalaya is to foster academic excellence and holistic development in its students by offering quality higher education in disciplines such as Arts and Education. The institution is committed to nurturing a dynamic learning environment that empowers students to realize their intellectual potential and develop critical thinking skills. With a focus on inclusive education, the Mahavidyalaya seeks to instill values of integrity, leadership, and social responsibility, preparing students to contribute meaningfully to society. Affiliated with Veer Bahadur Singh Purvanchal University and recognized by UGC, the institution strives to be a center of learning that aligns traditional academic rigor with modern educational practices.

The Natural Environs of Raghuvver Mahavidyalaya, Thaloi, Bhikharipur Kala, Jaunpur

Raghuvver Mahavidyalaya, Thaloi, Bhikharipur Kala, Jaunpur (U.P.), is located in a setting that gracefully balances the advantages of rural tranquility with the accessibility of contemporary amenities. Situated in one of Uttar Pradesh's culturally significant regions, the campus stands as a peaceful enclave amidst the pastoral landscape of Jaunpur. The college is enveloped in verdant greenery, featuring meticulously maintained gardens and tree-lined pathways, providing an atmosphere conducive to both academic focus and personal reflection. These natural spaces not only enhance the aesthetic appeal but also offer a sanctuary for mental rejuvenation, fostering an environment of calm and concentration for both students and faculty.

The campus boasts several ancient trees, which serve as living monuments to the institution's rich history and enduring traditions. These towering trees provide both shade and a sense of continuity, creating outdoor spaces that are ideal for gatherings, academic discussions, and leisurely activities.

College Infrastructure

Establishment: The College was established in 2013. The building is a Reinforced Cement Concrete (RCC) framework building. Overall, the Infrastructure of the Building is excellent in terms of the Architecture Design and Green Building Design. The Premises covers quite a few of the requirements for a Green Habitat. The infrastructure of a college refers to the physical facilities and resources that support the educational and administrative functions of the institution. It encompasses various elements such as buildings, classrooms, libraries, laboratories, administrative offices, recreational areas, and other facilities.

Spatial Organisation: The overall ambience of Raghuvver Mahavidyalaya, Thakol, Bhaktarpur Kola, Jaunpur (UP), exudes warmth and approachability. The classrooms and other academic spaces are thoughtfully designed, benefiting from ample natural ventilation through large, clear-glass windows that facilitate a continuous flow of fresh air. Architecturally, the building stands out with a carefully curated color scheme that enhances its institutional character while harmonizing with the local vernacular architecture and the surrounding natural landscape, which is enriched by the presence of mature trees. This architectural synergy fosters a tranquil and conducive learning environment, where the built form seamlessly integrates with its serene backdrop. The floor-to-ceiling height exceeds 11 feet, contributing to the spatial openness. Although the premises are not equipped with lifts, essential amenities such as CCTV, fire extinguishers, a well-stocked library, and a first aid box ensure safety and functionality.

SAFE Study Audit

➤ About the SAFE Study Audit

It is a systematic study of the factors that make the institution a sustainable and healthy environment for its inhabitants.

➤ Analysis for the SAFE Study Audit

The procedure included detailed verification for the following:

Energy Audit

Analysis of the Lights, Fans, AC, Equipment

Co-ordinator

I.O.A.C.

Raghuvver Mahavidyalaya
Thakol, Bishnupur, Jhansi

Principal

Raghuvver Mahavidyalaya
Thakol, Bishnupur, Jhansi

- Renewable energy
- Scope for reducing the current energy bills if any
- Improvement in the thermal comfort of the premises

Green Audit

- Green initiatives
- Hygiene audit
- Water Audit - Analysis of the current water consumption of premises; Scope to include Rain water harvesting and Waste water treatment in premises
- Waste Audit - Current waste produced, its segregation and usage; Strategies to be adopted for waste management and awareness

Environmental Audit

- Analysis of the current landscape + hardscape of campus
- Analysis of the flora and fauna of campus
- Strategies adopted at present to enhance vegetation
- Measures that can be adopted for ecological improvement of the premises.

➤ Strategy Adopted for SAFE Study Audit

The strategy included data collection from the administrative department, actual inventory inspection, investigation of operation and maintenance procedures, analysis of the collected data, and preparation of the report.

Timeline of the Activities for Green Building Study Audit

- 05 September 2024 - Affirmation and finalisation by the college
- 05 September 2024 - Induction meeting
- 12 September 2024 - Survey of the Standard and staff submittal
- 28 September 2024 - Site visit at the Institute
- 29 September 2024 - Submission of the report

Energy Audit

A comprehensive energy audit of Rajhaneer Mahavidyalaya, Thulo, Bhikharipur Kaha, Jaunpur (UP) would provide the first requisite step toward fruitful energy savings and hence effectiveness in campus sustainability. The detailed assessment evaluates energy usage patterns of the college, pinpoints areas of energy waste, and has practical suggestions about optimizing consumptions.

The audit starts by collecting data of electric, gas, and water consumptions over a 30-day period. This includes checking lighting systems, HVAC units, laboratory equipment, and other

Co-ordinator

electrical appliances. Special focus is given to the insulation, windows, and structure of the building, as these conditions have a great bearing on heating and cooling requirements.

High-tech tools and techniques, such as infrared thermography and power quality analyzers, among others, are used by energy auditors to bring out efficiencies. The recommendation for several potential improvements-for example, installing LED lighting, upgrading to energy-efficient appliances, or enhancing insulation-the audit looks into renewable energy options and the installation of solar panels, to name a few, in order to decrease reliance on non-renewable energy sources.

Sources of Energy consumption

S. No	Name of the Department	Gas Cylinder	UPS	Inverter	Battery
1	Computer room	0	5	1	1
2	Office	0	0	1	1
3	Lab Home Science	2	0	0	0

The premise uses following sources of energy consumption.

Primary sources

- ❖ Electrical (Metered) – Light, Fans, Equipment's, Pumps comprise these sources.
- ❖ Renewable energy – There are sources of renewable energy available.

Secondary sources

The sources are listed below (Department and location wise)

Investigation Analysis

The site investigation at Raghuvver Mahavidyalaya, Thaloi, Bhikharipur, Kain, Jaunpur (U.P.), included observations and interviews with the maintenance staff and the Electrical Department in charge. The findings are summarized below:

- **Switch-off Procedures:** The maintenance staff and lab attendants consistently follow switch-off procedures, ensuring that all equipment is turned off when not in use.
- **Computer Operation:** On completion of using computers, they are turned off and kept in power-saving modes to ensure that there is minimal use of electrical energy.

• **Energy Awareness Initiatives:** Notice boards promoting energy conservation are prominently displayed in classrooms and labs to encourage both staff and students to adopt energy-saving habits.

These practices demonstrate the college's strong commitment to energy conservation and adherence to safety standards.

Actual Electrical Consumption as per Bills

The admin department had shared the bills for Meter which is connected to the building and is the main source of energy supply. The details of unit consumption meter wise stated there were around 13827 units consumed for Rs. 244,934/-.

Electricity Consumption Year Wise According to Bills

S.No.	Month	Year	Unit Consumed	Amount
1	July	2021	732	12345
2	August	2021	712	11867
3	September	2021	745	12643
4	October	2021	612	11564
5	November	2021	480	8567
6	December	2021	482	8573
7	January	2022	397	8569
8	February	2022	402	8642
9	March	2022	453	9002
10	April	2022	512	9431
11	May	2022	645	10203

Block Wise Analysis of the Energy Consumption

The energy consumption of lights is 242 KWH of energy; the following graph shows the building wise consumption

Light Nos. and Light wattage

1. Highest Light Density:

The ground floor has the highest number of lights (28) and the highest total light wattage (80 watts). This indicates that the ground floor is the most well-lit area, which may suggest it covers a larger space or requires more lighting due to its specific usage patterns.

2. Energy Efficiency:

The 1st floor has the highest average wattage per light, around 100 watts. This suggests that higher wattage bulbs are being used on the 1st floor compared to other areas, indicating potential opportunities for energy-saving improvements.

Recommendations for Energy Conservation:

- **Appliance Upgrades:** Replace old air conditioners with energy-efficient models and encourage the use of power-saving modes for computers and projectors.

Co-ordinator
 IQ.A.C.
 Raghavveer Kharavidiyalaya
 Thakal, Bhikkavipalka, Jaipur

FRONTIER
 R. Venkatesh
 Faculty, and Director, K.A.S.
 Bapat 211

- **Power Backup:** Upgrade to a more efficient generator system or consider installing solar inverters to reduce dependency on non-renewable energy sources.
- **Renewable Energy:** Install solar panels on rooftops to harness solar power, which can potentially meet 20-30% of the institution's energy needs.
- **Energy Awareness Program:** Educate staff and students about energy-saving practices, such as turning off lights and devices when not in use.

Site Investigation observations

- ❖ All lights are in working conditions
- ❖ Daily monitoring and check are done by the maintenance staff.
- ❖ There was no fuse defect observed.

Fans

Types of fans based on the numbers

There are a total of 88 fans like Ceiling, Exhaust, Pedestal, Table and Wall mounted fan in the premises.

Air conditioners

There is one air conditioner on the entire premises. Assuming the average power consumption of a standard air conditioner is approximately 1,000 to 1,500 watts per hour.

If the air conditioner is used continuously, it would consume between 1,000 and 1,500 watts per hour. Given the college's total power consumption of 13,300 watts, it is likely that the AC is not running at full capacity all the time or is used intermittently and efficiently managed.

Daily Monitoring and Maintenance

The maintenance staff at Raghuvver Mahavidyalaya, Thaloi, Bhikharipur Kala, Jaunpur (UP) conducts daily monitoring and checks with great skill. Their diligent efforts ensure that all outdoor units are thoroughly cleaned and maintained, with no issues related to dust accumulation.

Recommendations for a Sustainable Habitat

Energy-saving appliances are more valuable in terms of saving energy and in helping to sustain a greener environment. Education conveyed in educational institutions at the school and college levels is the most appropriate place. This can enhance student awareness from an early age and adopt eco-friendly methods and is a showcase for efficient operations. As such, some proposals that can be implemented at Raghuvver Mahavidyalaya, Thaloi, Bhikharipur Kala, Jaunpur (UP) should considerably be able to reduce electricity consumption.

Section 1: Building Management Systems

Raghuvver Mahavidyalaya, Thaloi, Bhikharipur Kala, Jaunpur (UP) has immense potential to become a 100% energy-efficient campus. In addition to upgrading the electromechanical systems, several measures can be introduced to enhance the building management systems. These initiatives can be applied to educational area of the college.

- **Set the BMS Time-of-Day Schedules:** Adjust the building management system (BMS) schedules to match the minimum occupancy periods of different areas. Implementing an optimum start-stop routine, including a night purge cycle and adjusting for session and holiday schedules, can greatly enhance efficiency.
- **Space Temperature Setback:** Utilize a temperature setback strategy to save on utility costs by reducing the frequency of heating or cooling system operations. This approach is a simple yet effective way to cut down energy usage.
- **Timer Control for Air Conditioners:** Install timer controls on air conditioning units to ensure they operate only when necessary.
- **Timer Control for Personal Heaters:** In residential areas, introduce push-button timer controls for personal heaters to prevent unnecessary usage.

By implementing these measures, Dayanand Girls PG College can move towards a more sustainable and energy-efficient future, setting an example for other institutions to follow.

Energy Efficiency Improvement Recommendations

Co-ordinator
I.O.A.C.

Principal
Raghuvver Mahavidyalaya
Thaloi, Bhikharipur Kala,
Jaunpur

Section 2 - Electromechanical Systems - Electrical and Lighting

Sub-Section 1 - Lighting

Recommendation

Replacing all Non-LED, CFL, Halogen, and Mercury lights with energy-efficient LED lights can result in an average energy consumption reduction of 50%. This upgrade should be considered during any upcoming renovations to enhance overall energy efficiency.

Sub-Section 2 - Fans

Current Fan Systems

The ceiling fans in the college are in good working condition and are well-maintained. However, these fans typically consume at least 50W each when in use.

Recommendation

Replacing existing ceiling fans with energy-efficient models that consume only 14W can lead to an average reduction of 69% in energy consumption. While immediate replacement is ideal, the college may also consider replacing fans as they become damaged or non-functional.

Sub-Section 3 - Equipment

Current Computer Systems

Desktop computers, which consume approximately 250W, are widely used in the college. In contrast, laptops consume only 40W and have the added benefit of battery backup, lasting up to 4 hours.

Recommendation

- Switching from desktops to laptops can reduce energy consumption by up to 84%. However, this transition should consider the following factors:
- Senior staff may find desktops more convenient, and switching to laptops could disrupt their work habits and reduce productivity.
- Laptops are more prone to damage from drops, which could result in data loss.
- For students, laptops offer greater flexibility, but desktops may still be preferable in supervised common areas.

• Frequent use due to pandemic situations may affect device functionality.

About the Institution

Raghuveer Mahavidyalaya: A Center of Excellence in Higher Education

Raghuveer Mahavidyalaya, located in the serene village of Thalot, Bhikharipur Kala, Jaunpur, Uttar Pradesh (PIN 222143), stands as a distinguished institution committed to providing quality education. Affiliated with Veer Bahadur Singh Purvanchal University, Jaunpur, and recognized under sections 2(f) and 12(b) of the University Grants Commission (UGC), the college offers an array of undergraduate and postgraduate programs. These include Bachelor of Arts (BA), Bachelor of Education (BEd), and Master of Arts (MA), catering to a wide spectrum of academic pursuits.

Under the able leadership of Principal Dr. Avadesh Kumar Shrivastava (M.A., Ph.D), the college is dedicated to fostering academic excellence and holistic development. The institution is managed by Lalita Shikha Samiti, with Dr. Jay Prakash Tripathi serving as the Manager, ensuring the smooth functioning of the college. Raghuveer Mahavidyalaya is also a study center for Uttar Pradesh Rajarshi Tandon Open University, Prayagraj, further broadening its educational reach.

For inquiries, the college can be contacted via email at principal.raghuveer@gmail.com or through the contact numbers 8858621010 and 8840684377. The institution's commitment to academic integrity and community service is reflected in its well-established infrastructure and its robust affiliation with reputable educational bodies.

For more information, visit the college's official website: www.raghuveermahavidyalaya.org.in [<http://www.raghuveermahavidyalaya.org.in>] **Statewide** **of the Institution**

- Vision:** The college was established by the successful hands of Pandit Prithvi Pal Tripathi in a village named Thalot on the Sojraji-Maschi Shular road in Jaunpur district, the land of Yamunagiri. Before the establishment of this college, there was no any college to get higher education in the radius of 7 KM. Keeping this in view this college was established for the poor deprived backward students of this rural area to get higher education. The main objective of this college is educating rural students and connecting them to the main stream of society by providing them higher education. In view of this deficiency, Pandit Prithvi Pal Tripathi established this college and today by getting higher education from this college, the students have increased the pride of this area and this college. The society near by the college area getting new dimensions of development.

- Mission:** The college aims to become a leading educational institution that would be recognized as a centre of excellence to impart quality education, create knowledge, integrate traditional and modern knowledge and impart inclusive education and build values, ethics and character. To create a student credit institution that inculcates experiential, innovative and lifelong learning skills. To solve societal problems. To promote and pursue all-inclusive research and development. To inculcate entrepreneurial attitude and values in the learners. To prepare the students of the college as good citizens of the nation through a socially balanced, globally informed, culture inspired and future oriented teaching paradigm. To prepare **Students** to make **significant contributions** to the development of the nation through **socialist and secular Co-ordinator**

strategies of education. The college will continue to foster talent and build on its rich reserves of fame and reputation.

- Motto: "Asto Ma Sadgamyu Tawso Ma Jyotirgamyu"

- Objective:

The college ensures openness, dedication and honesty in all its activities. The college regularly celebrates birth and death anniversaries of social reformers freedom fighters as well as national festivals as declared by the Government of India, Government of U.P. and Veer Bahadur Singh Purvanchal University, Jaunpur. The college actively engages programs and campaigns in partnership with faculty, staff and students to raise awareness on gender issues specifically the empowerment of women and environmentally conscious practices. To secure the well-being of female students, the college conducts anti-ragging sessions and campaigns such as Beti Bachao and Beti Padhao. The college has implemented rainwater harvesting. The college carries out green energy with solar panel (LED lamps) to maintain a clean and green campus. Creation of awareness among students and faculty to use public transportation, bicycles and shared vehicles. The institute aims to enhance future academic excellence through the introduction and development of Ph.D. programs.

- Aim of the College:

The primary aim of Raghuvver Mahavidyalaya is to foster academic excellence and holistic development in its students by offering quality higher education in disciplines such as Arts and Education. The institution is committed to nurturing a dynamic learning environment that empowers students to realize their intellectual potential and develop critical thinking skills. With a focus on inclusive education, the Mahavidyalaya seeks to instill values of integrity, leadership, and social responsibility, preparing students to contribute meaningfully to society. Affiliated with Veer Bahadur Singh Purvanchal University and recognized by UGC, the institution strives to be a center of learning that aligns traditional academic rigor with modern educational practices.

The Natural Environs of Raghuvver Mahavidyalaya, Thatal, Bikharpur Kala, Jaunpur

Raghuvver Mahavidyalaya, Thatal, Bikharpur Kala, Jaunpur (U.P.), is located in a setting that gracefully balances the advantages of rural tranquility with the accessibility of contemporary amenities. Situated in one of Uttar Pradesh's culturally significant regions, the campus stands as a peaceful enclave amidst the pastoral landscape of Jaunpur. The college is enveloped in verdant greenery, featuring meticulously maintained gardens and tree-lined pathways, providing an atmosphere conducive to both academic focus and personal reflection. These natural spaces not only enhance the aesthetic appeal but also offer a sanctuary for mental rejuvenation, fostering an environment of calm and concentration for both students and faculty.

The campus boasts several ancient trees, which serve as living monuments to the institution's rich history and enduring traditions. These towering trees provide both shade and a sense of continuity, creating outdoor spaces that are ideal for gatherings, academic discussions, and leisurely activities.

I.O.A.C.

Raghuvver Mahavidyalaya
Thatal, Bikharpurkala, Jaunpur

२०२३

Principal
Raghuvver Mahavidyalaya
Thatal, Bikharpur, K.A.
Jaunpur

In addition to the tranquil campus atmosphere, Raghuvver Mahavidyalaya enjoys proximity to the natural beauty of the surrounding countryside, offering students the opportunity to engage with the local environment beyond the college grounds. The nearby rivers and open spaces further enrich the sense of serenity and connection to nature. The institution's dedication to environmental sustainability is evident through initiatives such as rainwater harvesting, waste recycling, and energy-efficient practices, all of which reflect its commitment to preserving the natural ecosystem.

In summary, Raghuvver Mahavidyalaya, Titaloi, Bhikharipur Kala, Jaunpur, embodies a thoughtful integration of rural serenity and environmental stewardship, creating a nurturing space that promotes both academic excellence and personal growth.

Assessment of the College

- **Affiliation:** The College has all its courses approved and affiliated to **Yeer Bahadur Singh Purnanchal University, Jaunpur, UP, India, A State University- Government of Uttar Pradesh; Accredited A+ by NAAC**
- **AISHE:** The College has the AISHE Code C-16019
- **Recognition:** The College is recognized by University Grant Commission (UGC) under section 2(f) and 12 (b) of the UGC Act, 1956 vide by University Grants Commission, New Delhi

College Infrastructure

Establishment: The College was established in 2013. The building is a Reinforced Cement Concrete (RCC) framework building. Overall, the Infrastructure of the Building is excellent in terms of the Architecture Design and Green Building Design. The Premises covers quite a few of the requirements for a Green Habitat. The infrastructure of a college refers to the physical facilities and resources that support the educational and administrative functions of the institution. It encompasses various elements such as buildings, classrooms, libraries, laboratories, administrative offices, recreational areas, and other facilities.

Spatial Organisation: The overall ambience of Raghuvver Mahavidyalaya, Thaloi, Bihbihariapur Kula, Jaunpur (UP), exudes warmth and approachability. The classrooms and other academic spaces are thoughtfully designed, benefiting from ample natural ventilation through large, clear-glass windows that facilitate a continuous flow of fresh air. Architecturally, the building stands out with a carefully curated color scheme that enhances its institutional character while harmonizing with the local vernacular architecture and the surrounding natural landscape, which is enriched by the presence of mature trees. This architectural synergy fosters a tranquil and conducive learning environment, where the built form seamlessly integrates with its serene backdrop. The floor-to-ceiling height exceeds 11 feet, contributing to the spatial openness. Although the premises are not equipped with lifts, essential amenities such as CCTVs, fire extinguishers, a well-stocked library, and a first aid box ensure safety and functionality.

SAFE Study Audit

> About the SAFE Study Audit

It is a systematic study of the factors that make the institution a sustainable and healthy environment for its inhabitants.

> Analysis for the SAFE Study Audit

The procedure included detailed verification for the following:

Energy Audit

- Analysis of the Lights, Fans, AC, Equipment
- Renewable energy
- Scope for reducing the current energy bills if any
- Improvement in the thermal comfort of the premises

Green Audit

- Green initiatives
- Hygiene audit
- Water Audit - Analysis of the current water consumption of premises; Scope to include Rain water harvesting and Waste water treatment in premises

Co-ordinator

Environmental Audit

- Analysis of the current landscape + hardscape of campus
- Analysis of the flora and fauna of campus
- Strategies adopted at present to enhance vegetation
- Measures that can be adopted for ecological improvement of the premises.
- **Strategy Adopted for SAFE Study Audit**

The strategy included data collection from the administrative department, actual inventory inspection, investigation of operation and maintenance procedures, analysis of the collected data, and preparation of the report.

Timeline of the Activities for Green Building Study Audit

- 02 September 2024 - Approval and Initiation by the College
- 05 September 2024 - Induction meeting
- 11 September 2024 - Survey of the Standard and staff submetered.
- 28 September 2024 - Site visit at the Institute
- 28 September 2024 - Submission of the report

Green Audit

Green Audit of Raghavver Mahavidyalaya, Thaloi, Bhikharipur Kala, Jaunpur

In the face of escalating global warming and climate change, it is crucial for educational institutions to adopt sustainable practices. By instilling eco-conscious values in the younger generation, we lay the groundwork for a more sustainable future. Raghavver Mahavidyalaya, Thaloi, Bhikharipur Kala, Jaunpur, exemplifies this commitment through its comprehensive green practices. During our site investigation and data verification, we observed several key initiatives common across the campus:

1. Green Practices

- **Water Waste Treatment:** The college employs a water waste treatment system that releases treated water into the fields, aiding in the replenishing of underground water levels.

Co-ordinator
I.O.A.C.
Raghavver Mahavidyalaya
Thaloi, Bhikharipur Kala, Jaunpur

Principals
Raghavver Mahavidyalaya
Thaloi, Bhikharipur Kala, Jaunpur

2. Waste Management

- **Waste Disposal:** Every laboratory, classroom, and corridor are equipped with dustbins, ensuring proper waste disposal. Plastic bags are strictly banned across the campus, including the canteen, to minimize plastic waste.

3. Social Awareness

- **Awareness Drives:** The college actively engages in awareness campaigns on various social issues, focusing on rural upliftment and regeneration. These drives extend beyond the campus to surrounding villages, fostering a community-oriented approach to social responsibility.

4. Cleanliness Campaign

- **Swachh Bharat Abhiyan:** The college participates in the Swachh Bharat Abhiyan both on and off the premises, promoting cleanliness and hygiene among students and staff.

5. Fresh Environment

- **Eco-Friendly Ambiance:** The campus boasts an eco-friendly atmosphere with fresh air and a soothing environment, crucial for maintaining physical and mental balance. This inviting space encourages both indoor and outdoor learning, essential for a holistic educational experience.

6. Silent and Peaceful Atmosphere

- **Residential Location:** Situated amidst well-designed residential areas, the college benefits from reduced pollution levels, providing a healthy and serene ambiance conducive to learning.

7. Universal Design

- **Accessibility:** The college premises are equipped with ramps and lifts, ensuring accessibility for specially-abled individuals, fostering an inclusive environment.

8. Teamwork

- **Cooperative Staff:** A standout feature of the college is its highly coordinated and cooperative staff. Just as a strong foundation is vital for a building's future, the dedicated staff members are integral to the institution's success and growth.

9. Botanical Signage

Co-ordinator

I.O.A.C.

Rajmover Mahaveerappa
Tabel, Bhatkavalka, Javer

2023

1st Edition
1st Edition
1st Edition

- **Plant Signage:** The practice of labelling plants and trees with their scientific names is diligently followed, enhancing botanical knowledge and appreciation among students and staff.

Raghuveer Mahavidyalaya, Thakol, Bhikharipur Kala, Jaunpur, sets a commendable example of how educational institutions can integrate green practices into their operations, fostering an environment of sustainability and social responsibility. These efforts not only contribute to the well-being of the campus community but also serve as a model for other institutions to emulate.

Community Development and Eco-friendly Initiatives at Raghuveer Mahavidyalaya, Thakol, Bhikharipur Kala, Jaunpur

Community Development

Raghuveer Mahavidyalaya, Thakol, Bhikharipur Kala, Jaunpur, is deeply committed to community development through a variety of impactful programs. These initiatives include:

- **Tree Plantation:** Promoting environmental sustainability through extensive tree-planting efforts.
- **Life Learning and Employability Skills Program:** Equipping youth with essential life skills and enhancing their employability prospects.
- **Blood Donation Camps:** Facilitating voluntary blood donation to support local healthcare needs.
- **Food KAT Distribution Programs:** Providing essential food supplies to the surrounding community.
- **Relief Fund Programs:** Offering financial support and resources during times of crisis.

These programs reflect the college's dedication to social welfare and community upliftment. We commend the institution for its thoughtful planning and execution of these initiatives.

Eco-friendly Initiatives

Raghuveer Mahavidyalaya, Thakol, Bhikharipur Kala, Jaunpur, has undertaken several commendable eco-friendly initiatives aimed at environmental conservation and sustainability:

Environmental Sustainability and Green Initiatives

Raghuveer Mahavidyalaya, Thakol, Bhikharipur Kala, Jaunpur, is deeply committed to enhancing environmental sustainability through its ongoing plantation drives. These drives are integral to the college's efforts to create a greener, more sustainable campus and community. Key activities include:

- **Campus Greening:** The college campus is the primary focus for these drives. Students and staff plant a variety of trees and plants, contributing to the biodiversity of the campus and creating a more pleasant and healthy environment for all.

- **Community Participation:** The college extends its plantation activities beyond the campus, involving the local community and nearby schools. This helps to raise awareness about the importance of trees and encourages wider community engagement in environmental conservation.

Cleanliness Drive

Raghuvver Mahavidyalaya, Thalol, Bhikharipur Kala, Jaunpur regularly organizes cleanliness drives as part of its commitment to maintaining a clean and healthy environment. These drives involve students, faculty, and staff coming together to clean the campus and surrounding areas. The National Cadet Corps (NCC) cadets, along with the Associate NCC Officer (ANO) and Army personnel, have led significant cleanliness efforts in various rural parts of Thalol, including the Fard area. These initiatives not only promote hygiene but also instill a sense of responsibility and community service among participants.

Online Yoga Classes

Recognizing the importance of mental and physical well-being, Raghuvver Mahavidyalaya, Thalol, Bhikharipur Kala, Jaunpur has introduced online yoga classes. These sessions are designed to help students and staff maintain their health, reduce stress, and improve concentration, especially during times when in-person gatherings are not possible. The yoga classes, conducted by experienced instructors, cater to all levels and encourage a holistic approach to health.

- Flood relief activities - food supply, cloth collection and distribution, cleaning initiatives by students and teachers
- District Cleaning (Swachh Bharat), Suelhwa mission, Clean Campus Green Campus as part of
- Suelhwa Mission
- Blood donation camp, medical camp
- Workshop on Organic Fish Farming
- Swachh Bharat survey, rallies, dance performance, waste collection and segregation, imparting
- awareness on social issues
- Drive against plastic pollution for eradicating pollution in the locality
- Preparation of floor cleaners, Paper bag making, making of the handcrafted recycled shopping bag Talks
- Classes on Basic Mathematics, Family Budget, Financial literacy, Cyberstime Photoshop, Vedic
- Mathematics, Need for vaccinations Socio-Economic Surveys,
- Development and maintenance of the vegetable garden
- Covid - 19 Vaccine Drive

Through these diverse initiatives, Raghuvver Mahavidyalaya, Thalol, Bhikharipur Kala, Jaunpur, demonstrates its commitment to fostering a healthy, clean, and patriotic environment for its community. These activities not only enhance the well-being of the participants but also contribute positively to the broader society.

Waste Audit

Waste Audit at Raghuvver Mahavidyalaya, Thalesi, Bhikharipur Kala, Jaunpur

Waste management is a critical aspect of maintaining a clean and sustainable environment within Raghuvver Mahavidyalaya, Thalesi, Bhikharipur Kala, Jaunpur. The college recognizes the importance of responsible waste handling and has undertaken a comprehensive waste audit to assess its current practices and identify opportunities for improvement.

Overview

Waste is an inevitable byproduct of daily activities, but through effective management techniques, its impact on the environment can be minimized. The waste audit aims to evaluate various aspects of waste management within the college premises, including the types of waste generated, collection locations, disposal methods, and potential opportunities for recycling and treatment.

Co-ordinator

L.D.A.C.

Raghuvver Mahavidyalaya
Thalesi, Bhikharipur Kala, Jaunpur

Principal

Raghuvver Mahavidyalaya
Thalesi, Bhikharipur Kala, Jaunpur

Waste Produced

Types and Disposal of Waste in Premises

The college categorizes waste into different types, each requiring specific handling and disposal methods. These include:

1. Solid Waste:

- **Source and Quantity:** Biodegradable waste primarily originates from toilets, and its quantity is managed through a sewage treatment plant.
- **Current Disposal Method:** Biodegradable waste is treated through the dumping.
- **Treatment/Recycling Potential:** Yes, the biodegradable waste can be further treated or recycled. One proposed method is the installation of a small biogas plant in an open space, which can efficiently process biodegradable waste and produce renewable energy.

Collection and Segregation of Solid Waste

1. Initial Collection Points:

- **Dustbins and Waste Bins:** Throughout the campus, dustbins are strategically placed in classrooms, laboratories, corridors, common areas, and the canteen. These bins are designated for different types of waste, including organic waste, recyclable materials, and general refuse, ensuring that waste is segregated at the source.
- **Daily Monitoring:** The college has a dedicated housekeeping team responsible for monitoring and emptying these bins regularly to prevent overflow and maintain cleanliness.

Centralized Waste Collection:

- **Collection Stations:** Waste from individual bins is transported to larger, centralized collection stations located at various points on the campus. These stations are designed to hold larger volumes of waste temporarily.

- **Segregation and Sorting:** At these collection points, the waste is further sorted to ensure proper segregation. Organic waste, recyclables (such as paper, plastic, and metal), and non-recyclable waste are separated to streamline the disposal process.

Raghunver Mahavidyalaya
Thakri, Bihharipatnala, Jaipur

Raghunver Mahavidyalaya
Thakri, Bihharipatnala, Jaipur

Environmental Education and Awareness

5. Awareness Campaigns:

- **Student and Staff Involvement:** The college regularly conducts awareness campaigns and workshops to educate students and staff about the importance of proper waste segregation and disposal. These campaigns emphasize the environmental impact of waste and the role of individuals in maintaining a clean and sustainable campus.

- **Eco-friendly Practices:** Initiatives such as reducing single-use plastics, promoting reusable materials, and encouraging composting of organic waste are part of the college's ongoing efforts to foster eco-friendly practices.

6. Monitoring and Improvement:

- **Feedback and Improvement:** The college regularly reviews its waste management practices, seeking feedback from the campus community to identify areas for improvement. This proactive approach ensures that the waste disposal system remains efficient and effective.

Through this structured method of solid waste disposal, Raghuvver Mahavidyalaya, Thalol, Bhikharipur Kala, Jaunpur, not only maintains a clean and healthy campus environment but also contributes to broader environmental sustainability efforts.

Disposal of Liquid Waste at Raghuvver Mahavidyalaya, Thalol, Bhikharipur Kala, Jaunpur

Liquid waste management at Raghuvver Mahavidyalaya, Thalol, Bhikharipur Kala, Jaunpur involves careful handling and responsible disposal practices to ensure environmental sustainability and safety. The method of disposal for liquid waste is as follows:

After experiments, discharged chemicals are collected in sealed plastic containers. These containers are then transported to chemical disposal pits located behind the Chemistry lab.

Source and Quantity of Liquid Waste:

- Liquid waste originates from various sources within the college premises, including offices, departments, and the canteen.
- Approximately 45 liters of liquid waste are generated per day on average.

Treatment/Recycling of Liquid Waste:

- Yes, the college treats and recycles liquid waste to minimize environmental impact and promote sustainability.

Organic waste disposal at Raghuvver Mahavidyalaya, Thalol, Bhikharipur Kala, Jaunpur follows an environmentally sustainable approach through the implementation of a vermicomposting pit. This method efficiently manages organic waste generated within the premises while promoting eco-friendly practices.

The college's vermicomposting pit serves as a dedicated facility for the collection and processing of organic waste. This waste primarily originates from two main sources:

Co-ordinator

I.Q.A.C.

20-1-16

Raghuvver Mahavidyalaya

Thalol, Bhikharipur Kala, Jaunpur

Raghuvver Mahavidyalaya
Thalol, Bhikharipur Kala, Jaunpur

1. **College Garden:** The lush greenery of the college garden contributes organic waste materials such as fallen leaves, trimmings, and other plant matter. On average, approximately 10 kilograms of organic waste per day is generated from the garden.
2. **Canteen:** Additionally, organic waste is generated from the college canteen, consisting of food scraps, vegetable peels, and other biodegradable materials. Similar to the garden waste, the canteen produces approximately 10 kilograms of organic waste per day.

This organic waste is systematically collected and deposited into the vermicomposting pit located within the college premises. Vermicomposting involves the use of specialized worms to decompose organic matter, transforming it into nutrient-rich compost. The process is highly efficient and environmentally friendly, as it minimizes waste sent to landfills while producing valuable compost for use in gardening and landscaping projects.

Raghuveer Mahavidyalaya, Tatal, Bhiharipur Kala, Jaunpur takes proactive steps to treat and recycle organic waste through vermicomposting, demonstrating its commitment to sustainability and responsible waste management practices. By harnessing the natural process of composting, the college not only reduces its environmental impact but also contributes to the creation of a greener and healthier campus environment.

Analysis of the Waste Bin inside the Premises

The above graph provides an analysis of the distribution of plastic dustbins based on their size within a specific environment. Here's a breakdown of the data:

- Type of Dustbin:** The table categorizes dustbins based on their material, focusing specifically on plastic.
- Size of Dustbin:** The size of each dustbin is classified as large, medium, or small, indicating their capacity and intended use.
- Number of Dustbins:** This column quantifies the number of dustbins of each size category present in the environment.

Analysis:

- Plastic Dustbins:** The data exclusively pertains to plastic dustbins, suggesting a preference or mandate for this material, possibly due to its durability, cost-effectiveness, or ease of maintenance.
 - Size Distribution:** Among the plastic dustbins, the majority (27) are small-sized bins, indicating a focus on providing numerous smaller receptacles rather than a few larger ones. This distribution suggests an emphasis on localized waste disposal and accessibility, potentially catering to high-traffic areas or specific waste generation points.
 - Absence of Medium-Sized Bins:** Interestingly, there are no medium-sized plastic dustbins indicated in the table. This absence could imply a deliberate choice based on space constraints, budget considerations, or a strategic decision to prioritize either small or large bins based on usage patterns or waste generation rates.
 - Large Bins:** Five large plastic dustbins are present, suggesting allocation for areas with higher waste volumes or for specific types of waste that necessitate larger containers. These bins may be strategically placed in centralized locations or areas with heavy foot traffic to accommodate a larger volume of waste.
- The data from the table provides insights into the distribution and allocation of plastic dustbins based on size within the environment. The emphasis on smaller bins and the absence of medium-sized ones indicates a nuanced approach to waste management, potentially tailored to the specific needs and dynamics of the environment in question.

Waste Handling at Raghuvver Mahavidyalaya, Thaloi, Bhikharipur Kala, Jaunpur

Quantification and Segregation: In accordance with a comprehensive waste survey conducted, various types of waste have been identified within the premises of Raghuvver Mahavidyalaya, Thaloi, Bhikharipur Kala, Jaunpur. These include solid waste, liquid waste, hazardous waste, dry leaves, e-waste, cafeteria waste, and unused equipment waste. To ensure efficient waste management, the college has implemented a rigorous segregation process where

Co-ordinator

Thaloi, Bhikharipur Kala, Jaunpur

RECEIVED
FRI 11/01/2023

RECEIVED
FRI 11/01/2023

different types of waste are separated at the source. This segregation enables better handling and disposal practices.

Collection and Disposal: The segregated waste is collected on a weekly basis to prevent accumulation and maintain cleanliness across the campus. Notably, the waste is not handed over to the local municipality van for disposal, indicating a self-sufficient waste management system within the college. However, it has been observed that there exists a dumping pit in the garden area, which poses a concern as it may lead to environmental hazards and is not in line with sustainable waste management practices.

Waste Management Practices: Raghuvver Mahavidyalaya, Thakol, Bishkharipur Kala, Jaunpur emphasizes sustainable waste management practices to minimize environmental impact and ensure the well-being of the campus community. The college actively promotes the reuse of paper to reduce paper waste generation. Additionally, stringent measures are in place to uphold hygiene standards, with no reported instances of Odor or health-related issues stemming from waste accumulation. Adequate numbers of waste bins are strategically placed throughout the building, facilitating convenient waste disposal for students and staff.

Environmental Impact Mitigation: Efforts are made to prevent pollution of ground and surface water by waste materials, with no instances of reported contamination. Furthermore, the college is proactive in addressing potential air pollution concerns arising from waste disposal activities. Notably, waste from toilets is channelled through underground covered channels (safety tanks) to the main drains, thereby minimizing the risk of environmental incidents and ensuring proper sanitation practices.

Water Audit

Water is a fundamental resource essential for the daily functioning of Raghuvver Mahavidyalaya, Thakol, Bishkharipur Kala, Jaunpur. Ensuring the provision of clean, uncontaminated drinking water is paramount. A water audit identifies the sources and usage of water on campus, evaluates water requirements, and emphasizes the importance of efficient use and conservation practices.

Water Availability and Consumption

Primary Water Supply Sources: In addition to municipal water, the college utilizes bore wells on-site as primary water sources and the storage of water is in the water tanks. The bore wells are equipped with submersible pumps that provide daily water supply based on the institution's needs.

Water Requirements:

Drinking Water: The college consumes approximately 850-950 liters of drinking water daily. This water is supplied through an Aquaguard-like filtration system, various taps, and water coolers distributed across the campus.

Toilet Blocks: Water usage for toilet facilities, including toilets, urinals, and washrooms, is estimated to be between 400-600 liters per day.

Cleanings: Maintaining hygiene and cleanliness is a significant use of water on campus. Toilet areas are cleaned using disinfectants contributing to the overall water consumption.

Co-ordinator

I.O.A.C.

Raghuvver Mahavidyalaya
Thakol, Bishkharipur Kala, Jaunpur

Principal
Raghuvver Mahavidyalaya
Thakol, Bishkharipur Kala, Jaunpur

Gardens and Open Spaces: Watering the gardens and maintaining surrounding open spaces require a substantial amount of water. The college employs a sprinkler system to efficiently water the plants and trees, ensuring that these areas are regularly maintained.

Areas of Water Usage:

Based on an inventory conducted and data provided by the staff, the following facilities are present on the campus:

- Urinals: 10 units
- Toilets: 8 units
- Washbasins: 31 units
- Indoor Taps: 2 units
- Water Coolers: 1 units

Types	Quantity
No. of Urinals inside the premises	10
No. of Wash Basins inside the premises	06
No. of Taps inside the premises	10
No. of Water coolers inside the premises	01

Raghuveer Mahavidyalaya, Thakri, Bhalharpur Kaha, Junnar, demonstrates a structured approach to water management through the identification of primary and secondary water sources, assessment of water requirements, and implementation of conservation practices. By conducting a comprehensive water audit, the college can ensure the efficient use of water, promote conservation, and maintain a sustainable habitat.

Site Investigation of Water Management

Raghuveer Mahavidyalaya, Thakri, Bhalharpur Kaha, Junnar, boasts an exemplary water management system that merits commendation. Our site investigation has revealed the following key observations:

- **Leakage Prevention:** There is no evidence of water leakage across the premises. The piping infrastructure is well-maintained, ensuring high standards of hygiene and operational efficiency.
- **Operational Efficiency:** The water management system operates with exceptional efficiency. Maintenance protocols are robust, with daily cleaning routines ensuring that toilets and washrooms are impeccably tidy.

- **Wastewater Management:** The system effectively prevents wastewater from contaminating

groundwater. Wastewater is systematically directed to stormwater drains, mitigating any potential environmental impact.

- **Adequate Facilities:** The premises are equipped with a sufficient number of taps, ensuring convenient access to water for all users.

Recommendations for a Sustainable Habitat

Given the already impressive water management practices in place, we propose the following recommendation to further enhance sustainability:

- **Waterless Urinals:** As a green building initiative, the college could consider installing waterless urinals. This could involve either replacing existing urinals with waterless models or incorporating this technology into newly constructed restrooms. Waterless urinals would significantly reduce water consumption and contribute to the college's sustainability goals.

By implementing this recommendation, Ragnaveer Mahavidyalaya, Thakol, Bhikharipur Kala, Jaunpur can further solidify its commitment to environmental stewardship and continue to set a high standard in sustainable campus management.

Health and Hygiene Audit

Maintaining high standards of health and hygiene is critical for any institution, particularly in educational settings where the well-being of young minds is a priority. Ragnaveer Mahavidyalaya, Thakol, Bhikharipur Kala, Jaunpur, is committed to ensuring a clean, safe, and healthy environment for its students and staff. This audit examines the current facilities and practices in place to uphold these standards.

Facilities Available

The college provides a range of essential hygiene and sanitation facilities, including:

- **Washrooms:** Each building is equipped with washroom facilities to cater to the needs of students and staff.
- **Hand Wash Stations:** Hand washing facilities are available throughout the premises to promote good hygiene practices.
- **Drinking Water:** Water coolers and taps are strategically placed to ensure easy access to clean drinking water.
- **Dustbins:** A sufficient number of dustbins are placed around the campus to encourage proper waste disposal.

Smoke Exposure

Based on a recent site visit, the following observations highlight the college's commitment to minimizing smoke exposure:

- **No Smoking Policy:** The college has prominently displayed "No Smoking" signs to raise awareness and enforce a smoke-free environment.

Co-ordinator

I.O.A.C.

Ragnaveer Mahavidyalaya
Thakol, Bhikharipurkala, Jaunpur

Signature
Date: / /

- **Canteen Operations:** The Home Science Lab uses gas cylinders for cooking, eliminating the use of firewood and the associated health risks from smoke inhalation.
- **Waste Management:** There is no burning of waste on campus, which prevents air pollution.
- **Smoke- and Tobacco-Free Campus:** The entire campus is designated as a smoke- and tobacco-free zone, promoting a healthier environment.
- **Parking and Dust:** While there is parking available on campus, any dust issues are mitigated by the abundant greenery, contributing to air quality management.

Hygiene

The site visit and subsequent analysis revealed several positive impacts regarding hygiene practices on the premises:

- **Toilet Facilities:** Washrooms on the ground floor and other areas are well-maintained, with regular cleaning schedules twice daily, ensuring overall cleanliness.
- **Maintenance Staff:** Despite a small maintenance team, the staff diligently maintains the entire campus to high standards.
- **Equipment Maintenance:** Regular checks and maintenance of equipment on each floor ensure operational efficiency and hygiene.
- **Water Management:** Effective water management practices are in place, with clean water tanks and no mosquito breeding sites.
- **Pest Control:** Annual pest control programs are conducted under a professional contract, ensuring effective sanitation.
- **Food Hygiene:** The canteen and food preparation areas are cleaned regularly to prevent water stagnation and accumulation of food waste.
- **Swachh Bharat Abhiyan:** The college participates in the Swachh Bharat Abhiyan, conducting tree plantation and cleanliness drives to support the government's initiative.
- **Storage Facilities:** Storage areas are well-maintained to ensure a clean and organized environment.

On-Site Investigation

During the on-site investigation and physical verification of Raghuvver Mahavidyalaya, Thaloi, Bhaktaripur Kala, Jaunpur, the following observations were made:

- **Daily Cleaning:** All facilities within the premises are cleaned on a daily basis, ensuring a high standard of cleanliness and hygiene.
- **Washroom Maintenance:** The maintenance staff are assigned specific responsibilities for maintaining washroom hygiene. They perform their duties commendably, ensuring the washrooms and overall premises remain in excellent hygienic condition.

Recommendations for a Sustainable Habitat

Based on the site verification for this audit, the college's efforts in maintaining the campus are highly commendable. However, to further enhance sustainability, the following recommendations are proposed:

- **Pest Control Programs:** Implement regular pest control programs through a reputable agency to ensure appropriate sanitation across all facilities.
- **Sanitary Facilities:** Install additional sanitary vending machines and incinerators at strategic locations to improve accessibility and waste management.

Site Visit Audit Inferences

An office audit was conducted, and the subsequent report is based on inputs provided for immediate action to improve sustainability practices. The key aspects identified are as follows:

- **Memorandum of Understanding (MoU):** It is recommended to sign an MoU focusing on the enhancement of Green Building aspects within the premises. This suggestion was made prior to the site visit.
- **Articles and Documentation:** The campus features multiple elements that enhance its natural beauty and environmental quality. It is suggested to publish monthly articles highlighting these features, as guided by the audit team.
- **Plastic Zone Determination:** Conduct a pilot project to identify and manage plastic waste zones within a 5 km radius of the campus. Collect waste plastic and develop products in collaboration with experts involved in the audit.
- **Net Zero Carbon Reduction Projects:** Launch a pilot project where each student is responsible for planting at least six trees. The detailed plan and scope will be outlined in coordination with experts and as per the MoU.
- **QR Code Name Plates:** The NSS and NCC teams should undertake a project to install QR code name plates on every plant on the premises. This initiative can be executed in collaboration with experts who conducted the audit.

By implementing these recommendations, Raghunoor Mahavidyalaya, Thalohi, Bhikharipur Kala, Jaunsagar, can significantly enhance its sustainability practices and continue to serve as a model for environmental responsibility in the educational sector.
